
khao thailand Thailand Lady Boy Chicken Fried Rice

Posted by Andy HoboTraveler.com - 2009/11/06 14:38

Thailand Lady Boy Chicken Fried Rice I have my favorite places to eat, gravity pulls me back too them, I am never sure quite why. The photo below is of a Lady Boy that runs a street stand where he or she cooks Chicken Fried Rice and I am sure other foods if I would try them, I am not brave with food. I eat here daily to get my fair share of the Thailand Rice, hoping it will keep me small like the Thai people.
